

## YOU ARE MAKING A DIFFERENCE IN THE LIVES OF KIDS AND FAMILIES.

Your support will help expand our arts education programs, inspire young minds through Theatre for Young Audiences, provide vital scholarships, and bring live theatre experiences to under-resourced schools. Together, we can create a brighter, more vibrant future for all.

**Community Art Serving More Kids:** Our outreach team brings a full menu of visual arts, drama, music, and movement workshops directly to schools and community centers. Money raised would allow us to offer these workshops to more schools in underserved areas, ensuring that students have access to high-quality arts education without needing transportation.

**Arts Field Trips to the Arvada Center:** For many students, a field trip to the Arvada Center is their first exposure to the arts. Funds raised would help us provide customized field trips—including interactive arts workshops, live performances, and gallery tours—to schools that might otherwise be unable to afford them.

**Theatre for Young Audiences (TYA):** Introducing young students to the magic of live theatre is an experience they carry with them for a lifetime. Money raised could provide tickets and related arts workshops for students to experience our Theatre for Young Audiences productions, fostering a love for theatre from an early age.

**Learning Experiences with Student Matinees:** Our student matinees of regular theatre season shows offer a unique, all-student audience experience. Paired with actor talk-backs, these matinees dive deeply into theatre and storytelling. Money raised would help us subsidize these matinees, making professional theatre accessible to more regional students.
